

Thanks For The Enthusiasm, Locals !

The Slow Festival Committee would just like to take some time before things get too hectic to say

THANK YOU

to the many, many Sedgefield locals who have got behind us as a team, encouraged us and just generally gone out of their way to help us to grow the Slow Festival into a bigger and bigger event each year. So many of you have offered your services, sponsored and/or organised events, donated items, dressed up your businesses and generally gone out of your way to get ORANGE! We know this year will be no different and we wanted you all to know how much your input is appreciated. Thank you for your continued enthusiasm. It really is a festival grown by Sedgefielders for Sedgefielders and of course the visitors who get to know what an amazing town we live in as they participate in all that is going on at festival time, returning the following year because they had such fun!
